

The Process of Hydrodistillation

Hawaiian Healing Mist, the Natural Skin Care Remedy - created by Bioponic Phytoceuticals uses advanced hydrodistillation apparatus and proprietary protocols for the preparation of the ingredients.

We start with the finest natural herbs and fruits - noni leaf, lilikoi fruit, aloe, chamomile, turmeric root and clove, and add pure water naturally filtered through ancient volcanic rock. Gently heating the mixture releases a vaporous steam that carries the plants' unique molecular structure to condense and collect as the hydrosol essence. These essences are blended according to Bioponic's special formulas. There are no synthetic preservatives used, only natural herbs and pure water.

Our production facilities use only the finest laboratory glass distillation equipment, which gives our hydrosols their purity and distinct quality.

Experience the soothing skin spray of Hawaiian Healing Mist.

Hawaiian Healing Mist is:

- pure plant essence
- 100% natural
- hydrodistilled
- made from natural herbs, and fruits
- distilled with pure filtered water
- made in Maui, Hawaii

Hawaiian Healing Mist

“The Natural Skin Care Remedy”

is the first herbal healing spray to use hydro-distilled noni leaf and lilikoi fruit in formulation with aloe, chamomile, turmeric root and clove.

It is antibiotic, antiseptic and antifungal.

This natural topical skin spray is formulated by combining six of the most effective herbal ingredients to fight against infectious and fungal agents. It helps to relieve the associated symptoms of rashes, sunburns,

external infections from bacteria, insects bites, psoriasis, eczema, minor skin cuts, bruises, fungus, athletes foot, acne and other skin disorders. Hawaiian Healing Mist is an effective, natural and safe formula for use in skin care. It helps soothe the skin and promotes the healing process.

Hawaiian Healing Mist is:

- An effective skin care formula
- Pleasantly fragrant
- Relief for;
 - sunburn
 - insect bites
 - rashes
 - itching
 - bruises
 - other skin irritations
- Safe for regular use
- 100% natural, pure hydrodistilled herbal ingredients

Active Ingredients:

Noni Leaf

Noni Leaf (*Morinda citrifolia*) reduces inflammation and has been used topically for sprains and arthritis. The noni leaf is known to invigorate the blood, speed the healing of wounds, and strengthen bones. It also expels parasites and fungus.

Lilikoi

Lilikoi (*Passiflora edulis*) is used topically for skin disorders, inflammation, and burns... having anti-inflammatory and pain-relieving effects. Lilikoi is commonly used to induce relaxation and relieve insomnia.

Aloe

Aloe (*Aloeaceae*) is regarded as one of nature's best natural moisturizers. It is used topically for sunburn, wrinkles, insect bites, skin irritations, minor cuts, sores, herpes, poison ivy and scratches. It can also help heal wounds by preventing infection.

Chamomile

Chamomile (*Anthemis Nobilis*) has shown the ability to reduce inflammation and speed wound healing. It has antimicrobial properties, and can fight against a variety of infections.

Turmeric Root

Turmeric Root (*Curcuma longa*) is a natural anti-bacterial and anti-fungal agent. Its can be used topically to reduce or prevent infection, and as a natural preservative.

Clove

Clove (*Syzygium aromaticum*) is a powerful local antiseptic and has mild natural, anti-itch anaesthetic properties. Clove can also be used for topical pain relief for arthritis & as a natural preservative.
